

Inclusion Policy

CoderDojo is open and free for all young people across the world under the age of 18 and we want all of our young people to have the best possible learning opportunities and experiences.

To achieve this we actively promote inclusive practice in order the best meet the needs of the local communities which CoderDojo serves.

All young people under the age of 18 are welcome to attend CoderDojo regardless of their ability, need, background, culture, religion, gender, sexual orientation or economic circumstances.

Through inclusive practice, we aim to reflect our wider community and promote positive attitudes to both the similarities and differences in each other.

All Dojo Champions, through signing the CoderDojo Charter, commit to welcoming volunteers and children regardless of gender, race, sexual orientation, creed, religion, ability or economic circumstances.

All Dojos that are aligned with Recommended Practice have ensured that all of their attendees, mentors and volunteers are aware of the CoderDojo Inclusion Policy.
